Happy 108th birthday to Mr Georges Loinger!

EDITO

Jean-François Guthmann,
President of OSE

Patricia Sitruk,
Director-general

We are pleased to send this 7th issue of OSE News, as we are celebrating the Jewish New Year and a period of high-holidays for our community worldwide.

Youth is a priority of OSE, therefore last year at our General assembly we made sure to highlight the commitment of the youth, both through the French civic service in Israel and through the volunteering activities within J'OSE (Youth with OSE) young adults group to help children and families in need.

Supporting Holocaust survivors, ageing people who are isolated or with dementia, people with disabilities both children and adults drives us forward for the next year ahead. More than ever, OSE is committed to its manifold missions and tradition to help people in need. The generosity of OSE's donors is crucial for us to always do more, and we are gladly taking this opportunity of this letter to thank them.

Please do forward this newsletter to your friends, relatives and all who might be sensitive to our work and values. And until next time, L'Shana tova!

Georges Loinger, an emblematic figure of the OSE, has just celebrated his 108th birthday, surrounded by his family and friends.
